

SHATUSH
SUNCARE

SHATUSH SUNCARE, the pleasure of summer.

Nourishment, hydration, colour shield: protect the beauty of your hair under the sun in total freedom.

The Suncare Shatush products have been inspired by a philosophy of total respect for the physiology of the scalp and the hair. They contain precious natural active ingredients with soothing and protective action. Taking care of your hair during and after sun exposure is an important beauty treat, essential for preventing dryness and early ageing caused by harmful sun rays.

SHATUSH SUNCARE: exclusive perfumes and creamy silky textures. A universe of products to explore because it leads to discover the pleasure of well being.

with INDIAN CHAI TEA

Tea is an incredible natural anti-age agent because it helps to fight free radicals, responsible for the ageing of cells in our body. Sun rays as well as pollution are important triggers.

Not only our skin but also hair bulbs are subjected to oxidation process and need to be adequately protected.

BLACK TEA obtained from the fermentation of tea leaves (Camelia Sinensis), rich with sugars and precious anti-oxidation agents. Guarantees protection with intense regenerating action. MILK rich with sugars and soothing nourishing active principles, restores the correct moisture level after prolonged exposure to the heat of sun.

The blend of BLACK TEA and MILK proteins performs a dual anti-oxidation and soothing action, essential to preserve the nourishment of the scalp and the silkiness of the hair.

 SUNCARE /cleansing

SHAMPOO

with INDIAN CHAI TEA

An exclusive formula for hair subject to prolonged exposure to sun and sea water.

Ideal for delicate cleansing after a day in the sun at the sea. The special blend of INDIAN CHAI TEA, consisting of green tea and milk proteins, regenerates the hair fibres.

Excellent moisturizer and emollient, it deeply cleanses, giving shine and softness to the hair.

SHOWER GEL

with INDIAN CHAI TEA

A gentle shower gel that nourishes and moisturizes skin subject to prolonged exposure to the sun.

Gentle body cleanser, it moisturizes skin that was exposed to the sun for a prolonged amount of time. The leaves of the green tea and the milk proteins play an antioxidant and emollient role, deeply nourishing and moisturizing the hydro lipid layer.

Removes any residual oils and sunscreen creams.

 SUNCARE /*treatment*

HAIR MASK

with INDIAN CHAI TEA

Intensive after sun mask for hair damaged by sun and sea water.

After-sun soothing mask specially formulated for deep remedial action for hair exposed to sun, wind, salt, and chlorine. This special blend of green tea and milk proteins deeply restructures the hair fibres thanks to its regenerating action and rebalancing properties.

Right from the first treatment, hair becomes soft, full-bodied, and easy to comb.

 SUNCARE /*protection*

HAIR FILTER GEL

with INDIAN CHAI TEA

Gel created for styling and protecting hair exposed to sun and wind.

A sun gel formulated for hold and protection, builds texture and gives a natural shine look. Contains filters that protect against UVA and UVB rays and also defends hair from the harmful effect of sea salt. The precious green tea leaves mixed with milk proteins protect the hair fibres with a natural film, strengthening them. Leaves no residue.

Styling and protective effect in one single product.

 SUNCARE /*protection*

PROTECTIVE MIST

with INDIAN CHAI TEA

*An invisible gently perfumed
sunscreen spray for hair exposed to
sun and sea water.*

Effective invisible protection: the ultra-fine spray allows perfect distribution with moisturizing and detangling action, and a totally clean non-greasy touch. Defends hair from UVA/B sunrays, from wind and sea salt with a light moisture-rich feel and a delicate perfume.

The precious INDIAN CHAI TEA blend - with green tea and milk proteins - wraps the hair in a natural protective film preventing early ageing. The mist needs to be applied repeatedly during sun exposure.
